

## ***Certified Montessori Primary Teacher Needed the montessori children's school in hanover.***

In September, our Montessori preschool and kindergarten will start its eleventh year in our woodland setting on Trescott Road in Hanover. We have two fully enrolled multi-aged Montessori classrooms and a staff that includes four Montessori-trained teachers and two assistants. We are now looking for one more Montessori trained teacher to join our teaching team full time.

Our idea of the perfect experienced teacher is one who will be warm, friendly, supportive and creative with children while at the same time sharing Maria Montessori's respect for the satisfaction small children take from all they are able to do and to learn for themselves. The perfect person will bring patience and love to their role as facilitator of learning and will be ready to guide children gently as they become confident contributors to their social community. The perfect person will hold a bachelor's degree, an AMI or AMS Montessori certification and have experience of cultures other than our own.

***To apply, please send résumé and cover letter to the school at  
montessori@valley.net or P.O. Box 5606, Hanover, NH 03755***
